# WovenGold

the name, the  
brand, that makes  
the difference...

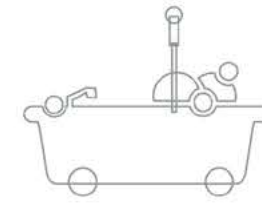

## WovenGold: Not just a name

Paragons of the field, WovenGold has been manufacturing hydro massage baths and showers for more than five decades. Having become synonymous with “whirlpool bath”, WovenGold has patented hundreds of designs and innovative products. Unique and reliable in every way, these products are a combination of technology, ergonomics and design. Developed by the greatest Italian and International designers, these are marvels in aesthetics. Incorporating comfort and style, each product is in tune with the latest trends. Superior in quality, durability and reliability, they have been manufactured with the best components. Utilizing innovative and cutting edge technology in manufacturing, they have a sturdy structure with efficient insulation that reduces energy expenditure.

WovenGold is not just a bath, it is an experience of harmony and wellness, an experience of Life.

# Rejuvenating with a fresher appeal...

## Holistic wellness for the body and the senses...

Life is demanding. Anxiety and stress are the resultants. Busy life craves a constant need for restoring balance and rhythm. WovenGold is inspired to improve life by providing revitalizing and rejuvenating shower experience. Designed with aesthetics, paramount functionality and high performance, the showers from WovenGold stand for health and pleasure. Representing jubilation for the body, euphoria for the senses, WovenGold brings holistic wellness along with an unforgettable experience.

## the therapy with the flow of water...

**"the potent power restoring rhythm  
and balance of the senses"**

**Water is life. It has the power to revitalize, rejuvenate and relax.**

At certain temperatures, in the form of steam or under the pressure of a jet or shower, it massages relieving muscular tension produced by stress and anxiety. It is the temperature and the movement of water that awaken the natural self-healing

mechanisms of the body. A shower can produce numerous invigorating benefits. As the water from the jet, falls on the body, it stimulates nerves resulting in improved circulation and other functions of the body, restoration of the skin, release of toxins and stress.

WovenGold

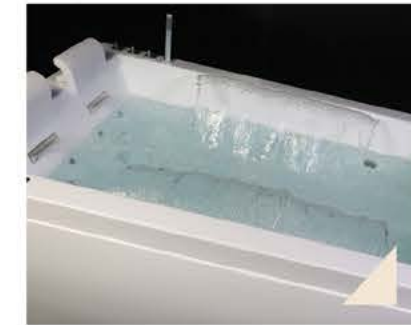

much more  
than just a  
name...

The WovenGold collection is designed with expertise for highest relaxation. The novel designing is supported by ingenious engineering and excellent styling. With a touch of futuristic technology, the result is great products with superior performance to give ultimate relaxation for the body and the spirit.

#### Design

Innovation, experience and functionality put together with great aesthetics.

#### Performance

Years of research and advanced technology generate efficiency and great outcomes

#### Technology

The advancements of modern times incorporated at every step of building the master piece

#### Health

The ultimate goal of total well being by relaxing and rejuvenating body, mind and soul

## hydromassage: the **flow of** **hydrotherapy..**

"the potent power restoring rhythm  
and balance of the senses"

### How it works?

The gentle flow of water is rejuvenating. As it flows, streaming down your body, it revitalizes. The relaxation is enhanced by the warm surrounding lights.

Transforming the space around, light stimulates your mood. With a softening effect it imbues tranquillity. The placid sound of flowing water along with the pleasant lights elevates your senses invoking peace and harmony.

◀ Neck

◀ Shoulders

◀ Back

◀ Loins

◀ Hip

◀ Thigh | Knees

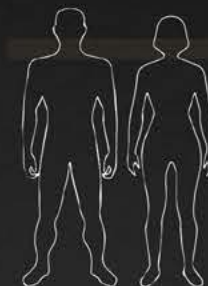

◀ Leg | Feet

**WovenGold: Jets give a targetted and powerful massage...**

#### **How it benefits...**

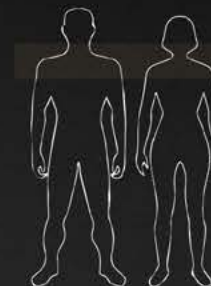

Hydrotherapy refreshes the body. Water when used as steam or in jet is capable of relieving stress and tension. As the jet of water from nozzles of Jacuzzi target areas of the body, the micro bubbles give a deep massage with improved circulation. The release of endorphins further produces a state of tranquility.

**Air massage:** targets lower body created by air generated from blower system which oxygenates the skin and rejuvenates skin.

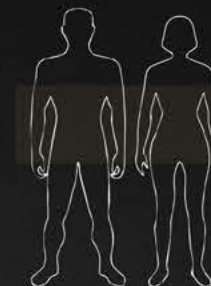

#### **Neck**

The Jacuzzi jets target the neck muscles and give a strain relieving massage to reduce fatigue and pain.

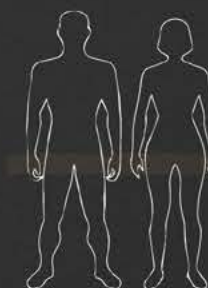

#### **Shoulders**

The Jacuzzi jets in the upper zone target these muscles relaxing and relieving strain and fatigue.

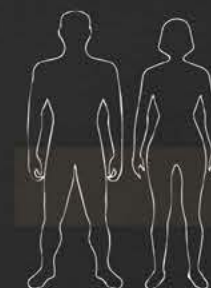

#### **Back**

The lumbar jets with rotating function are just perfect for this area relieving pain and relaxing with consistent massage.

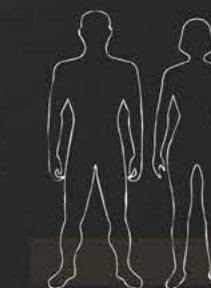

#### **Lions**

The large jet placed in the centre for this particular area provides relaxation and relieves stress and pain.

#### **Hip | Thighs | Knees**

The jets fitted especially for this target area stimulate blood circulation to produce relaxation.

#### **Legs | Feet**

The jets positioned for the legs and the feet activate blood flow to these parts restoring strength and providing relief in pain.

# Six reasons to choose WovenGold

## Perfect Bath

Modern designs, great technology, and versatility make all Jacuzzi baths the perfect choice to enhance your bathing experience.

## Long Lasting Effect

With proper ergonomics and perfect depth, Jacuzzi baths give enough room to immerse you completely producing long lasting effect of the hydro- massage

## Quality for Perfection

Jacuzzi spells quality utilizing the best material that is resistant to heat, light, moisture or any other pressures but flexible enough to allow versatile designing.

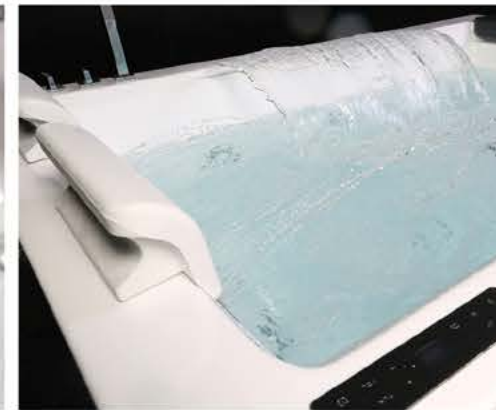

## Feature Rich & Easy

Jacuzzi baths have exquisite features that enhance beauty and comfort. Easy to use, they make the Jacuzzi experience all the more rejuvenating and relaxing.

## Easy Control

The baths have remote control that allows easy activation of all functions with simple touch giving best performance with ease.

## Durability & Reliability

Jacuzzi comes with a guarantee of durability and reliability that is synonymous with the name. Made from the best material utilizing the most advanced technology Jacuzzi is a product for a lifetime.

## choosing your bath

Classic Massage

A perfect combination of water and air produces a whirl like effect from the hydromassage nozzles to relieve the tensions in the muscles.

The user can customize the pressure from these nozzles to suit themselves.

Air

As little bubbles coming from the jets at the bottom caress your body, they revitalize it. Adding fun to the Jacuzzi experience they energize the mind and soul.

Neck Fall

Powerful jets relieve the stress in the muscles of the neck and shoulder region. Alleviating any pain, they induce relaxation for a great experience.

Cascade Fall

Feel the soothing effect of water as it flows down in a cascade creating a revitalizing spa experience as you relax. The gentle sound and feel of water rejuvenates along with the powerful massage.

## accessories to a perfect bath

Heating

The temperature of water can be controlled and kept constant to recreate the feeling of a great spa with a warm water therapy.

Light Effect

Lighting system illuminating the water enhances the mood and also provides chromotherapy.

Remote Control

The remote control is simple and intuitive device that allows various functions at the touch of a button.

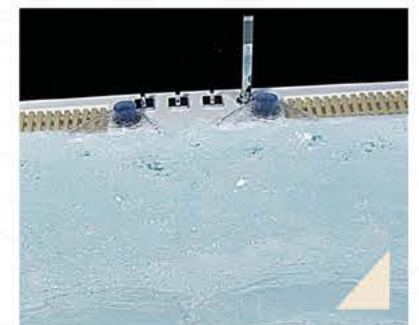

Invisible

This product is developed for those who love minimal look. However Woven Gold over the years through its R&D has found way to give maximum features in this minimal look series.

Control

The control panel allows the user to control all the functions in the system including hydromassage, light, radio, lock, alarm, steam etc. The user friendly control panels are back lit and icons are self explanatory.

Overflow

This series of products allows the user to immerse themselves up to shoulder and have an experience like a hot tub.

## The WG-7000i

- Bathtub shell
- Sanitary ware grade acrylic with fiberglass reinforcement
- Pre leveled tub bottom
- Framed leg construction
- Slip resistant textured bottom
- Lying concept allows up to 1 person in recline position with 1 comfortable soft cushion for neck

**Technical specification:** Outer Dimensions: L 1890 X W 968 X D 480 X H 700 (mm)

**Installation type:** Built in, Corner, Centre of the wall, Freestanding

**Water volume till overflow level**  
**Whirlpool operating water level volume**  
**Maximum weight on the floor**

### Product Highlights
